

The 8th Kwansei Gakuin English Forum
—Learning to Adapt to Changing Environments: Three Perspectives—

日時：2009年8月7日(金) 13:00—16:00

会場：関西学院大学 神戸三田キャンパス IV号館 (理工学部本館) 4F 401号教室

Introduction 13:00 ~ 13:05

Michael Lynn (関西学院大学理工学部 准教授)

Presentation 1 13:05 ~ 14:05

'Alkaline Soil Reclamation in China and Australia'

Yoshitaka Nitta

Dr Nitta worked with Central Research Institute of Electric Power Industry(CRIEPI) for 37 years with ten of those years actively spent as professor at Yokkaichi University. He is one of the founders of the Japan Macro Engineers Society and is now president. Dr. Nitta's best collaborative contribution at CRIEPI was to define the term "trilemma" which is now a common word associated with how to solve the problem of human survival.

Presentation 2 14:15 ~ 14:45

'Engaging in the Carbon Trading Market in Nepal'

Kaye Sparks (Presentation from Australia by Skype)

Dr. Sparks enjoyed a long career as a senior research fellow at the School of Land, Crop and Food Sciences, Queensland University. Kaye now works one day a week with QU and 4 days per week for a private consulting company called Environmental Accounting Services (EAS, www.enviroaccounts.com.au). EAS is involved in a number of projects, including assisting the government in Nepal and NGOs based there to engage in the Carbon trading market.

Presentation 3 15:00 ~ 16:00

'TOEIC Incorporated: Developing Cognitive Strategies and Self Analysis within a Curriculum Framework.'

Chris Kerr

Chris Kerr has been working in education for over 30 years in Australia and Japan. Chris is especially interested in the cross-curricular aspects of language education, especially incorporating L1 knowledge and skills to enhance learning in L2. He has worked as a text content advisor for both Longman and Cambridge and is the author of the Interchange 3rd edition Companion to the TOEIC Test.
